Protego

◆ PROTEGO'S DEFENSE FRAMEWORK ◆
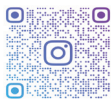

From Simulation to Protection – AI Security Reinvented

◆ PROTECTION PROCESS

1 Threat Simulation – Emulates real attack queries.

2 Reports – Summarizes vulnerabilities post-scan.

3 Defense Actions – Suggests AI security reinforcements.

◆ Why Protego?

☑ AI-Specific Defense – Built for ML systems.

☑ Scalable – Handles diverse model architectures.

☑ Lightweight – No performance compromise.

☑ Compliant – Aligned with GDPR & HIPAA.

Take AI Security to the Next Level!
